

**HARRY E. PATTERSON, Architect, AIA, CEFPI  
Consultant**

## **EXPERIENCE**

Mr. Patterson is a creative, knowledgeable, problem-solving architect with over 30 years of experience. He is experienced in residential, educational, commercial, financial, industrial, health care, high-rise buildings, and historical renovations. His qualifications include strategic planning, feasibility studies, due diligence, construction document review, design, value analysis, inspection, interior design, furniture, fixtures, and equipment, construction observation, and closeout.

He has a highly diverse background, serving as Director of Architecture, Project Manager, Technical Coordinator, Field Observer, and Construction Manager combining his track record of satisfying clients, and completing projects on time and on budget.

He is recognized for transforming his clients' needs into functional, organized design plans, with appealing elevations.

A partial list of clients includes City Colleges of Chicago, Chicago Public Schools, Chicago Police Department, METRA, PACE, University of Illinois, Northwestern University, McCormick Place, Navy Pier, Veterans Administration Hospitals, Lincoln Park Zoo, and numerous multi-family and commercial projects.
